VISIT OPOLSKIE

SALOMON RESTAURANT

On the outskirts of Opole, there is an intimate villa surrounded by a garden, housing the Salomon Restaurant and guest rooms. The restaurant's interiors have been adapted for hosting large events. The impressive Ballroom, surrounded by balconies and able to accommodate up to 300 guests, along with the Golden Hall with its ceiling inlaid with sparkling decorations, seem to evoke the splendour of King Solomon's court, after whom the entire venue is named.

From biblical sources, we know that the king of Israel, renowned for his wisdom, was also known for his wealth and his love of hosting lavish feasts on various occasions. The atmosphere of those feasts is reflected in the decoration on the wall of the restaurant building, depicting a royal feast among historical props.

The surroundings of the building and the carefully arranged interiors introduce guests to an atmosphere of magnificent feasts and banquets, but of course, the most important thing is the rich menu. Refined palates are tempted by dishes such as rabbit leg, duck in its own sauce, goose breast, and Opole-style herring.

The receptions are graced with cakes and sweets from our own confectionery, and the local soups

and various types of meat owe flavour to being prepared on the trays of a tiled stove.

Salomon is the perfect venue for organising unique events – parties, banquets, business conferences, unforgettable weddings and other occasions. Our professional staff will make sure that every moment spent at Salomon will remain in our guests' memories forever.

The restaurant offers accommodation in comfortable rooms and provides catering services.
